

Since opening in 2006, Solstice has been the cultural anchor for Co. Meath, presenting and commissioning works of artistic and cultural importance. We have embraced a vibrant local arts community and have connected strongly with a core, loyal audience. To help us continue nurturing and developing the arts in Meath and reach new audiences, we are calling on you – our supporters, our customers to become a **Patron of Solstice**.

Being a **Patron of Solstice** your contribution will help us to develop our artistic programme, bringing top quality national and international works of artistic and cultural importance to Co. Meath while also helping us assist with local arts development. As a Patron you will, at first hand, experience this worthwhile and valuable development while also benefiting from your contribution in a number of meaningful ways.

### There are three levels to our new Patronage scheme.

- Single Patronage € 60
- Double Patronage €100
- Gold Patronage €150

We have made a conscious move from our existing Membership scheme to this new Patronage scheme as we feel our supporters will not only benefit more from such scheme, but play a vital role in the development and growth of the organisation.
